The Strimech Buckrake is designed for today's agricultural environment increasing maximum productivity and minimum downtime. The heavy duty design guarantees it is both powerful and durable which offers a longer working life thus making it the perfect choice for any contracting work. The Buckrake offers excellent visibility for the application and a premium mesh is used to increase its strength. We build the range with 3 point linkage as standard with a bolt on facility for any loader brackets you may require, either when the order is placed or at a later date. Strimech's Buckrake is designed for tractors with a maximum of 200 horsepower and Telehandlers/Loaders with a lift capacity of 4000Kg.
